INTERNATIONAL EXHIBITION & CONFERENCE

INTUS
Elektronik GmbH

Precision · Reliability · Mission-Ready

Download

One Partner. All Solutions. Turnkey EMS Excellence.

Rugged Electronics for Defense & Security

Visual

- Military vehicles
- UAVs
- Sensors
- Communication systems
- Electronics in the field

Download

One Partner. All Solutions. Turnkey EMS Excellence. 

Who We Are

- German EMS & Turnkey Manufacturing
- High-reliability electronics for demanding applications
- From prototype to series

One Partner. All Solutions.

Download

One Partner. All Solutions. Turnkey EMS Excellence.

What We Do Our Core Capabilities

- Electronics manufacturing
- Cable & system assembly
- Testing & validation
- Repair & lifecycle support
- Supply chain & logistics

Download

One Partner. All Solutions. Turnkey EMS Excellence. 

Defense & Security Focus

Built for mission-critical electronics

- Rugged environments
- Long product lifecycles
- Low failure tolerance
- Controlled and secure processes
- Full documentation & traceability

Download

One Partner. All Solutions. Turnkey EMS Excellence.

Typical Defense Applications

- Vehicle electronics
- UAV systems
- Fire control electronics
- Radar & sensor systems
- Communication units
- Mobile command systems

Download

One Partner. All Solutions. Turnkey EMS Excellence.

Why Defense Needs Special EMS

Defense is not standard electronics

- Extreme temperatures
- Shock & vibration
- EMC critical environments
- Long-term availability
- Obsolescence management
- Configuration control

Download

One Partner. All Solutions. Turnkey EMS Excellence. 

Standards & Compliance

- ISO 9001
- ISO 14001
- IPC-A-610
- IPC-7711 / IPC-7721
- Full traceability
- Documented production processes

ISO 9001 & ISO 14001 certified
Additional standards applied in a norm-oriented manner

Download

One Partner. All Solutions. Turnkey EMS Excellence. 

Defense Documentation

Documentation & Configuration

- Control Configuration & revision control
- Change history (ECR / ECO)
- Full unit traceability
- Audit-ready records

Standards

- AQAP 2110 / 2210
- VG 95218
- ISO 9001
- IPC-1782

ISO 9001 & ISO 14001 certified
Additional standards applied in a norm-oriented manner

Download

Long-Term Records

Long-Term Archiving & Retention Standards

- 20-40+ years retention
- Manufacturing & test records
- Material & batch tracking
- Software & firmware history
- Secure · Traceable · Compliant

- ISO 15489
- ISO 14721 (OAIS)
- EN 9100
- GoBD

ISO 9001 & ISO 14001 certified
Additional standards applied in a norm-oriented manner

Download

One Partner. All Solutions. Turnkey EMS Excellence. 

Quality & Traceability

- Serial number tracking
- Material & lot traceability
- Process documentation
- Test data per unit
- Failure analysis & CAPA

Download

One Partner. All Solutions. Turnkey EMS Excellence.

Production Infrastructure

- SMT / THT
- Cable assembly / Final assembly
- X-Ray inspection
- Burn-in
- Functional test
- End-of-line test
- Repair & rework

Download

One Partner. All Solutions. Turnkey EMS Excellence.

From Prototype to Series

- Design support
- Prototype builds
- Qualification
- Series production
- Lifecycle support
- Repair & refurbishment

Download

One Partner. All Solutions. Turnkey EMS Excellence.

Supply Chain & Lifecycle

- Global sourcing
- Obsolescence management
- Long-term availability
- Material risk management
- Lot & batch control

Download

One Partner. All Solutions. Turnkey EMS Excellence.

Turnkey Capability

- Electronics
- Cables
- Assemblies
- Testing
- Packaging
- Logistics

One partner – complete systems

Download

One Partner. All Solutions. Turnkey EMS Excellence. 

Why INTUS for Defense

- German manufacturing
- Engineering driven
- High-reliability focus
- Flexible volumes
- Secure and controlled processes
- Long-term partnership mindset

Download

One Partner. All Solutions. Turnkey EMS Excellence.

Your Manufacturing Partner

Design → Production → Lifecycle

- Reliable
- Secure
- Mission-ready
